## From the Heart of Pastor Terry Collins

**Pastor reflecting on this year's outreaches.** Sitting here in my dining room I find myself reflecting on all that we have been able to accomplish as a ministry to honor the Lord for another year. It seems like we just started and our Thanksgiving Holiday is just ahead and will be past as most of you read this newsletter. Christmas will then be upon us and we will be starting another year of outreach. As I think about all that was done I find myself sooooo thankful to our Lord for placing His calling upon us. I thank our partners that have joined us for another year. Many thanks are extended to our board of directors who are so committed to this calling and our advisory committees who are always there for us.

The following is a brief update on the year 2013 from present going back to Jan. May the Lord bless you all.

## Who Are We?

Our logo says it the best. The trawler is a fishing boat that is steady and strong. The old ones had a mainsail on them to keep them steady in the storms that they had to navigate. We strive to be fishers of humanity, making disciples of all that are partnered with us through our various outreaches. The main sail on our logo represents the Holy Spirit who keeps us steady as we navigate through the storms of life.
